

Workshops

**THURSDAY, 10 OCTOBER
2019**

Future Leaders Conference - R220

The Programme recognizes and mentors emergent global scholars dedicated to continuing research and development of their profession, passionate about serving local and global communities, and chosen for their innovative and interdisciplinary approach, active participation and contribution to active and healthy living strategies

SA Institute for Drug-Free Sports Workshop - R250

**maximum of 30 delegates*

Doping in Sport Certification for Health Professionals

Lucky Draw: SAIDS Springbok Supporter hamper to the value of R2 000

Physio Workshop - R300

**maximum of 30 delegates*

You are all invited to an interactive discussion regarding the return to sport continuum. 3 Highly qualified and skilled physiotherapists are discussing return to sport following lower and upper limb injuries respectively. Can we focus on them separately or do we as clinicians and rehabilitation specialists need to integrate the different areas.

The South African
Society of Physiotherapy
